FRAUD UPDATE 2010: NETWORKING DRINKS

► BDO PUBLISHES A BIENNIAL 'NOT FOR PROFIT' FRAUD SURVEY. THE RESEARCH AND PUBLICATION OF THE RESULTS PROVIDES INSIGHT INTO FRAUD RISK FACTORS IN THE NOT FOR PROFIT SECTOR

Fraud is like any other business risk, if we do not understand why and how it happens, then we cannot effectively control it.

During this workshop we will look at fraud in detail and discuss strategies around identifying and controlling risk in your organisation.

BDO will be serving drinks and light refreshments, and you are welcome to speak personally with our BDO advisors.
