

BOOK NOW for a visit to a new interactive Centre featuring Telecare and Telehealth assistive technologies to support community and residential aged care. The **CENTRE FOR INNOVATION IN HOME HEALTHCARE** has been established at Doctors Safety Line's Head Office, and this state-of-the-art facility is a joint project with Tunstall Australasia.

The Tunstall Group UK is a market leading provider of Telecare and Telehealth solutions and Brisbane based Tunstall Australasia is the exclusive supplier and strategic alliance partner to Doctors Safety Line. Non-intrusive "plug and play" wireless sensors and "at-home" Telehealth monitoring systems are now available as part of Doctors Safety Line's Healthcare Programs.

"Plug and Play" **TELECARE** sensors generate an automatic alarm call which is immediately responded to by the 24 hour Monitoring Centre, every day of the year. A program is tailored to the individual's particular needs.

TELEHEALTH is a proactive HealthCare management system that allows vital signs and predetermined health measures to be monitored from home. Ideal for case management, long term and chronic disease management and early hospital discharge.

SEE THE WEBSITE—www.doctorsafetyline.com.au FOR MORE DETAILS

TOURS

Monday 29th September—bus pick up at Convention Centre at 5.30 pm

Wednesday 1st October—bus pick up at Convention Centre at 1.30 pm

INFORMATION

- DSL is 10 minutes from the Convention Centre on the way to the Airport which is a further 10 minutes.
- Mini buses will collect visitors from the Convention Centre and return back. In the case of Wednesday 1st October, the bus will also take visitors on to the Airport at the completion of the tour if required.
- Presentations at the demonstration Centre will take approximately 1 hour and light refreshments will be offered afterwards with the opportunity for more detailed questions to be answered or further tryout of systems to take place.
- The transport and tours are at no charge to participants.

BOOK YOUR PLACE EARLY as tour numbers are limited.
