**“Developing Palliative Care”**

**Accessing a care package?**

**Step 1: Learn the language of palliative care assessment tools**

**Step 2: Finding the best information - @Caresearch**

**Presented by Deb Rawlings:**

Quality Improvement Regional Manager for SA & NT for the Palliative care Outcomes Collaborative (PCOC)  
and Research Officer for Caresearch

Palliative care professionals are challenged to work in ways that provide the best outcomes for patients and families by being consistent in using evidence, delivering quality reporting and by benchmarking. We can work together to promote and support palliative care. This professional forum will be an important step in getting this right in South Australia.
