Postgraduate Programs in Clinical Rehabilitation

Course Information

The postgraduate programs in Clinical Rehabilitation provide opportunities for health professionals from any field to enhance their knowledge, skills and attitudes in clinical rehabilitation. Our courses have a multidisciplinary focus with reaching contributions from medicine, nursing and allied health.

We offer the following courses:

- Graduate Certificate in Clinical Rehabilitation
- Graduate Diploma in Clinical Rehabilitation
- Master of Clinical Rehabilitation (Coursework or Research)

All course information, outlining structure and topics can be obtained at the following link
www.flinders.edu.au/courses/postgrad/cr

Why study with us?

- There are a range of study options such as part-time and external study so you can fit study into your life.
- Students can choose from a range of topics relevant to their workplace or area of interest.
- Enhance your future career opportunities
- Build on your knowledge base and skills in a variety of areas of Rehabilitation Practice

Admission Requirements

Applicants normally must hold an approved degree or equivalent qualification from an approved institution. However, the Faculty Board may, under certain circumstances and subject to specific conditions, admit others who can show evidence of fitness for candidature.

Closing Dates

Applications for entry into a degree, for commencement in Semester 1, 2012 close on 3rd January 2012.

Information regarding fees can be obtained at www.flinders.edu.au/enrolling/fee-information. Fee-paying rates apply, and can be deferred using FEE-HELP (identical to the HECS-HELP structure for undergraduate students).

Further Information

For further information please contact Dr Stacey George, Course Coordinator (Clinical Rehabilitation) via email rehabilitation@flinders.edu.au
